“ I felt very fortunate to share some of my most fond memories with Grandpa back in January at his bedside along with how important he was to me. There were all the trips he made down state to pick Aaron and I up for every vacation to be with the rest of the family. The many truck rides along Mason County back roads listening to country (the only genre of country I can tolerate to this day, hahaha) and the extremely under age driving lessons. Or the time playing soccer on an ice covered Round Lake, where Grandpa unfortunately lost a couple teeth, oops. That was the age where you thought tripping people was still funny. And there were the stories!! The stories also taught the lesson that you have to remind adults that they already told that one. But this never mattered, you would here the story or joke in its entirety and I would listen to it every time. And anyone who was there for my biggest lesson in humility, back in the 6th grade tri-county spelling bee, would not forget that Grandpa wanted nothing more than to be able to sit next to his grandson, DURING THE COMPETITION! That memory brings a smile and laugh to me to this day. I'am grateful for the care he received which allowed for him to be there for Tanya and I to see him only two weeks ago. Grandpa may be gone but the memories we have will always be with us.

“ I had the honor of taking care of Larry for almost a year through Hospice. We always had something to talk about and liked watching his westerns while I was there. I will surely miss him. He was a great man.

“ My condolences to everyone in Larry's family. It was an honor knowing Larry. He always expressed pride in his family and was appreciative of the little things in life. I enjoyed his company and friendly demeanor.
Bless Larry and his family/friends.

“ So so many. Dancing around the house by standing on your feet, throwing up all over your chest when you cuddled me when I was sick, being mad as hell when you got my cat drunk and let it jump out the truck. I love you daddy and cherish ALL my memories

“ Grandpa,
The things I remember are sacred to me. I was so glad I went to see you and got to hear you tell me you love me too! I miss you so much it hurts! I have lots of great memories to keep my heart full of happiness when I hear your name. But there will always be a broken spot. With you and dad together watching over us.. we will find comfort in this and eventually the pain will become bareable, but we will always have heartache. I love you so much! Rest In Paradise.

“ I take comfort in knowing Uncle Larry was welcomed home by his bothers, Robert and Merle and sister, Marlene in the Lords Kingdom and am eternally grateful to his daughter Lisa for giving me the opportunity to reconnect with him the last couple years.
Godspeed Uncle Larry.
