“ Allen was a great friend to me. He was always there to lend a ear and/or to bounce ideas off from. Always had great advice. I talked to Allen on the radio more than anyone else by a long shot. Very awesome person. He will be missed. 73 Allen

“ Allen was a very active amateure radio operator. His call was KC8OTI. He was always ready to talk anybody that would call. An avid experimenter he was always building some new project. He will be missed on the air waves. 73 Allen
