“ *The thing I remember most about Barb she was always smiling and happy every time I seen her. It's a shame how family drift apart as we age and you regret not staying in touch but the love of family carries on , she will be deeply missed by all that have known her.*

Sis, we hunted a lot of mushrooms, watched a lot of hummingbirds, hunted together with David, you were the greatest deer camp cook ever, we shared a lot of good times and some bad ones, but contrary to what others thought we always had each other's back, you are now with Dave and the rest of our family, see you again down the road
