“ Do many memories... Hello everyone. I am Rose ("Rosie Holy") Nichols. When I was in elementary with Billie's oldest daughter Martha, Martha n I would walk home together from school when we lived in Whitehall, Michigan. One day, Martha wanted me to come play at her house after school. Well. Let just say, I stayed nplayed and "momma" Billie called my real mom and said I was there playing. My mom came got me and all the way home, my butt was sore from getting spanked. This memory sticks with me to this day among other great memories. Our family n the Miller family got together alot and went to the lake for picnics, swimming, etc. I couldn't of asked for better friends n family to spend time with. You will be missed but not forgotten. R.I.P Billie. Your friends and family are waiting to see u.

*Billie and I met when we were 7 years old. We lived across the street from each other. As kids we played together and spent a lot of time at each other's houses. Her parent's were great to me and her mom was always giving me fresh baked "goodies " from the kitchen. We lost touch for a while after Billie and Don got married and I left home. But we eventually we found each other and communicated by mail, phone and I made a trip to see her in Ludington from my home in Oklahoma. The last time I talked to her was Feb 14, 2021. I quit hearing from her after one more letter and didn't know she had passed until my last letter was returned. I just found out about where the funeral service was yesterday. I was very sad to hear about her passing. She is with her family and mine in heaven now. She was very loved!!*
