“ *One of my best memories of Dave was how much he contributed to The Tallman Lake Senior center, no matter how badly he felt. He was also past president of the Board of Directors. He was quite ill then however he served the center in a most admirable manner. I will miss my very good friend.*

“ I will miss Dave's laugh, that sparkle he'd get in his eyes. I'll miss his stories and just everything about him. He was someone you could count on, always willing to lend a hand. He was one of a kind and I will always miss him and treasure the friendship we had with him. We love you Dave.

Dave was one of the most decent people I've ever know. I was a electrical engineering co-op student under him in 1979-1980. A man of true character.
