Derek Michael Johnson aged 27 of Ludington went to fly with the angels on Tuesday, October 3, 2017. Derek was born on April 9, 1990 in Ludington, the son of Gina G. Johnson and graduated from Ludington High School with the class of 2009. He lived life to the fullest, usually in the fast lane and always outdoors in the open. Derek loved to spend time hunting, fishing, working on cars, and especially in Motorsports, racing at many local tracks like Grattan Speedway or Big Air Motocross in Newaygo. Where do I begin, My heart aches for your Mother and for the family. Derek you were a ball of fire where ever you went. When I first met you as the annoying boy behind me at arena cross throwing popcorn at Becky and I, to becoming your girlfriend and all the amazing things that you taught me, to us remaining friends for more than 10 years after. I loved when you would call because it was like we had talked just minutes before. We have many deep conversations and there are a few things that you have taught me, 1.dont let any one tell you your not good enough. 2. live like tomorrow is your last. 3. love everyone like your mother (you told me that often) Derek you will be truly missed by all. Please watch over me friend! sending much love !

It's still hard for me to begin to process this, or even gather my thoughts. But my heart is broken...&& aches for everyone who loved you. I'll never forget the night I met you out on the break wall over 10 years ago. You were my first true love, my first for many things. We shared some amazing times together, from your school homecomings, both proms, graduation, && even your first trip out of the country and seeing the ocean. I've gotta admit you were always the best wedding date, you knew how to get the party going and always made sure I was out there dancing right beside you. God I can't begin to describe how much you will be missed. You've taught me so so much about life. Thanks for giving me some of the best years with you, that I'll never forget. Being your girlfriend for 6 years, and living together for 3. It's safe to say I knew you pretty well. You always lived life in the fast lane, and had a set of hands that could fix almost anything. I'm gonna miss your contagious laugh and handsome smile the absolute most. No matter what you always wanted to make sure I was smiling and protected. You've brought me to some of my best friends & I can never thank you enough for that. Watch over me from up there booger. I love you. Fly highh. Youu will always be missed && never forgotten. Like you always told me. It's not goodbye, it's see you later. ❤️🙏
