“ Flossie and Don were members of the Western Michigan Old Engine Club in Scottville, MI. They attended many shows and helped out when they could. She continued to attend after Don's passing. She kept a wonderful garden and I got to enjoy the green beans, peppers and tomato that she grew. Sympathy to her family.

“ Flossie was my mom's , mildred pierce, childhood friend in which they stayed in touch off and on through the years. I only met flossie 2 times when I'd drop ped my mom off to visit flossie from Massachusetts. But when my mom went into a nursing home, I kept in touch with flossie long distance. I had the chance to see her this past July in her home and give her an actual hug. I sent her a sweater later and told her when she wore it, that my arms would be around her holding her tight, and she'd say the same thing back. She's been ready to be with Jesus, and passed family. She told me to look for her In the clouds. And I will. She became a second mom to me and I am blessed
