“ I remember when I was taking Kristina into town one day I grabbed her hand and put her finger up my nose, she yanked her hand back and yelled Bridgette!! I told her you can pick your friends, you can pick your nose, but you can't pick your friends nose. but you can have your friend pick your nose... You would look at each other and burst out laughing calling me a dork .
especially when once in a great while I will put my finger in her ear while I am driving, she would call me a dork... I will miss her calling me Bardot or Birdsheet..

It doesn't matter how much time has gone by, I miss laughing with you over dumb stuff. You were my best friend since Kindergarten. It didn't matter how much time had gone by since we talked last, it was like it was yesterday. We had so many adventures and good times. You were so creative and talented and funny. I love you and I miss you ☐
