“ Viola was a huge part of so many lives. She was our family neighbor and friend for over 60 years. She and my mom had a wonderful friendship that blossomed over the years and allowed their kids to also become life long friends. We were one family in essence and Vi was like a second mom to me in my early childhood and teen years. Her love and devotion to her family , friends, and most important her Savior was evident in her every day life. I was blessed to have her as an example in my life. She will be missed greatly by her family and friends and forever loved by all of us. We will meet again dear friend, we will meet again.

“ I am so sorry to hear of Viola's passing. I only got to know her and her family as she was a roommate of my mom at Oakview. Your waiting is finally over and you can take comfort in knowing she no longer has to suffer and is now in the hands of our loving Father. I wish that I could have known her in her earlier years as she seemed like such a loving and caring person. I will miss seeing her and your family in the days ahead. God Bless! Joan Klein
